# This year get more for your money with our partnership

As the PSHE partnership, we have been able to support each other in our need to comply with the new statutory guidance for RSHE (DfE,2019) but whilst the work will continue in making sure that statutory RSHE with the incorporation the 2014/25 guidance, once finalised by the DfE following current consultation period, is taught well in Newham's schools, it is also important for our pupils to gain knowledge and skills concerning other issues such as economic well-being and citizenship.

By signing up to The Newham PSHE Partnership, you will get more for your money this year as we have kept prices low, even with our costs going up.

The news has been full of content recently concerning PSHE/ RSHE. The Government are conducting a review into RSHE, three years on from the 2019 statutory guidance being implemented.

Schools PSHE/RSHE policy will need to be revised and updated in the next academic year, including parental consultation. The Newham PSHE Partnership has the experience, expertise and ability to train and advise staff and keep the SLT up to date with the changes they need to implement.

Ensure that your school is abreast of any developments, staff are trained and informed and that PSHE is of high quality. Ensure that Personal Development in your schools is Ofsted ready and your PSHE is sensitive, effective and robust, equipping your pupils for life in 21st century Britain, by joining the Newham PSHE Partnership for 2024-25.

Prices on page 11 are for schools with 500+ pupils; for schools with below 500 pupils a bespoke price will be calculated for your school based on your pupil numbers on enquiry.

## PSHE Association Membership

As part of the Newham PSHE Partnership you can opt to pay an extra cost which will give you a cheaper price for your PSHE Association membership. We always recommend that schools join the PSHE Association as membership provides curriculum plans, resources for schools governors and parents that are useful to schools. If your school joins the PSHE Association through the Newham PSHE partnership we can save you £40.

*If you are interested in taking this out through us let us know on your order form..*

## SLT Webinars and Briefings

The Partnership provides regular briefings and updates for Headteacher's and senior leadership teams in schools throughout the year. We are committed to ensuring senior leaders have access to our partnership advisors.

The first webinar of the academic year will be for the productive and efficient running of parental consultations. Date to be advised.

I feel more confident to share best practice with our staff and ensure that we deliver a quality RSHE curriculum

This will be an important part of how we work going forwards in the development of our Young Women and Girls Services including Schools Engagement work. I will ensure this training and knowledge is fed back to the team and embedded in our practice. Thank you to the wonderful leaders for this training

Teacher comments

Cost:

Free to partnership schools;

Price for attending outside the partnership will depend on the length of a briefing for example: 30 mins = £30; 1 hr = £60.

## Secondary PSHE Network Meeting

This year we are separating out our traditional 3 hour network meetings each term into a two hour network meeting and a one hour master-class, which takes place after school. This is to allow for more PSHE teachers across our secondary schools to attend this termly CPD.

PSHE network meetings are run to give an opportunity to bring together PSHE leaders within secondary schools to meet, network and work collaboratively on projects, helping in middle manager responsibilities.

### Network meetings will:

- Update subject leaders on Local and National information;
- Help subject leaders understand their role and responsibilities within school;
- Share best practice models and examples in PSHE/RSHE; and
- Work with outside agencies to provide short CPD session supporting schools in delivering high quality PSHE/RSHE.

### Dates for Meetings in 2024/25

Wednesday 4th October 2024 @ 2:30-4:30pm In person meeting

Wednesday 26th February 2025 @ 2:30-4:30pm On Zoom

Wednesday 14th May 2025 @ 2:30-4:30pm On Zoom

I always find the updates very helpful - to talk about the scheme of work we are using and to hear how other schools are using it/adapting it

## PSHE/RSHE Master-class

These master-classes will offer CPD for teachers and will be reactive to any local or national agendas, issues or needs that become obvious, to ensure that teachers in Newham schools can stay up to date with whatever is current in the area of PSHE.

The link to a recording of the masterclass will be given to PSHE leads at the network meetings each term - this means you can watch and share with your school teachers at a time that suits your school.

Each masterclass will last for one hour and 15 minutes.

## Internal & external compliancy reviews of RSHE

The Newham PSHE Partnership (previously the RSHE Partnership) has spent the last three years preparing schools to effectively deliver RSHE as stipulated by the DfE Statutory Guidance (2019). Most schools are doing an amazing job at teaching this new curriculum, but may still feel that they want to ensure that their policy, curriculum content, parent engagement and the confidence and ability of staff to teach RSHE are compliant with the guidance. To support schools in this The Partnership are able to supply schools with three levels of review. Documents have been devised, by way of:

1. A questionnaire for pupils
2. A questionnaire for the RSHE Lead
3. A compliance matrix (which outlines curriculum that should be taught and how teaching should be carried out)

There are three levels of review that can be carried out in schools.

### **1. Basic Internal review**

Providing documents for a school to carry out their own compliance review.

These will be licensed to individual schools and should not be shared, even with in MATS.

**Cost: £150**

## 2. Supported internal review

Documents provided and then worked through with an Advisor to ensure compliance with the statutory and additional guidance. Support and advice given where needed.

**Cost: £350 for half day  
£650 whole day**

Any additional time needed will be charged at £250 a half day

## 3. Independent external review

This will include the above, but also a website, policy and curriculum review, pupil consultations, book look and staff discussion. A written report can also be commissioned.

**Cost: Bespoke prices arranged depending on the size of the school and the amount of support needed**

# Dealing with Controversial Issues

How do you deal with conflict and contested issues in the classroom and difficult conversations around RSHE?

This one-day course will cover in the morning how, as schools and teachers, we can ensure any controversial issues such as trans identities, puberty, religion, LGBT+, diverse identities and language are well handled in the classroom.

In the afternoon the course will cover how to handle difficult conversations around P/RSHE.

Dr Jo Sell, Sarah Heath and Marie Hardie will lead this day, bringing years of classroom and SLT experience.

## Date for Training in 2024/25

Wednesday 30th April 2025

Time: 9:15am to 4:15pm

Venue: Elmhurst Primary School, Upton Park Road,  
London E7 8JY

Thank you so much for such informative RSHE training. It has helped to develop our knowledge and understanding about RSHE. It is wonderful to learn from the experiences others are having in their schools. I feel confident, encouraged and enriched to equip and train my school staff after attending RSHE training.”

# Borough-wide consultation findings

During 2023-2024 Newham PSHE partnership undertook an extensive borough wide consultation around RSHE.

Partnership schools will gain our summary findings, as well as access to more detailed findings from all the different groups we have consulted with. Importantly we have just completed our analysis on what over 2500 pupils have told us about what is important to them, what they are worried about and what is going well. Essential reading for all schools.

New for 2024-2025 will be our school advice on how to lead successful consultation with partners at your school. PLUS a document you can share with parents/carers around what is consultation - it will set out what can not be changed and where schools are seeking parent/carers ideas, thoughts and suggestions.

Newham for 2024-2025 will be our revised model RSHE policy documents for primary and secondary schools.

Finally we will run some webinars for SLT and PSHE leads to ensure you are clear on our advice, as well as have the opportunity to ask any questions you want to ask.

Non-partnership schools can buy this package for £250.

# PARENT/CARER WORKSHOP TOOLKIT

The PSHE partnership is delighted to share with schools our new 'parent/carer workshop toolkit'. This resource supports schools in their work with parents/carers around RSHE, perfect for working with parents in year 7.

The toolkit and films are in two parts.

**Part 1: Parents/carers & schools and the importance of PSHE/RSHE Toolkit and films**

**Part 2: How to talk to children and young people about puberty Toolkit, Quiz and film**

Marie Hardie, DHT writes: *"The workshops were trialled at Brampton Primary School in the autumn term, 2023. Parents and carers from all year groups were invited to attend (in the toolkit, the letter sent out to parents and carers has been shared). The workshops were very popular and the parents and carers who attended appreciated the opportunity to hear about the importance of PSHE and RSHE from other parents' perspectives. The workshops facilitated the opportunity for participants to discuss any concerns or fears they may have had around PSHE or RSHE and how it is taught in school. This meant that opportunities for good communication between school and parents in this area could be established, promoted and/or consolidated. We think that the workshops would be great to use during policy consultations and with new parents and carers at the start of each new academic year."*

**If you are interested in using these workshop toolkits with the films and resources the prices are:**

**Basic partnership schools £100 (for part 1 & 2);**

**Advanced partnership schools FREE access to all resources;**

**Non-partnership schools in Newham £150 (for part 1 & 2);**

**Non-partnership schools outside of Newham £200 (for part 1 & 2)**
